Live Streaming for Sports Producers

WatchmeSports is a broadcasting network that provides event management, video production and streaming services of amateur sporting events. Our low-cost subscription platform lets you ...

- Live-stream every game, match, race or other event to your audience -- including students, family, and friends -- on any device.
- View any other game or event on the WatchmeSports network at no additional cost.
- Earn money from pay watch access and thru online local and network ads.
- Take online registrations at no cost to you, plus track all transactions, including registration fees and winnings, if applicable.
- Post draws, standings and results to the web for real time viewing.

For the low fee of just \$30 per month, WatchmeSports delivers an integrated solution from beginning to end for:

SPORTS PRODUCERS

- Post events to the WatchmeSports Network
- Download registrations and automatically generate runlists & brackets
- Registration payments ACH'd to Producer's bank account
- Manage all aspects of your events from scoring to generating payouts and posting standings/results
- Produce Timed, Judged and Bracketed events
- Winnings and payouts made through ACH or check
- Video, HTML and text Email all of your contestants
- Built-in accounting system tracks all transactions
- Total integration from beginning to end

With WatchmeSports, there are no streaming and storage fees. You own the content and can download, edit and upload without any additional costs. Our interactive software makes it easy to run, manage and market all amateur sporting events with income potential from your audience. In short, it's the most integrated platform for all your sports broadcasting needs for one, low monthly charge.

CONTESTANTS

- Online registration thru the WatchmeSports multi-device App
- Contestants pay registration fees thru ACH with no payments processing costs to Producers

VIEWERS

- Watch every game, match or heat, on demand on any device
- View in real-time draws, scores, standings and results
- Bookmark highlights and upload clips to Facebook where they can be shared with family, friends and relatives.
- All video content is saved indefinitely, giving parents a video album of their children play.
